

## **Husky whisper**

### Ultra-quiet central vacuum system

- · Patented design
- High-end finish for long-term durability
- Very large capacity (34.5 l), brushed aluminum canister with new ergonomic handles with integrated latches for ease of operation

- · Machine washable, highly efficient filter for ease of maintenance
- Hybrid: may be used with or without a filtration bag. When used with a filtration bag, it employs double-filtration for unparalleled air quality and prevents contact with dust and allergens
- · Superior suction power
- · Utility valve included (not shown)
- · Soft-start and soft-stop system for improved functionality and longer motor life

(D)

# New two-way wireless technology package (shown)
